

Medjet Memberships

Travel Protection. Elevated.

MEDJET is the premier global air medical transport and travel security membership program for travelers. Accidents, illness and safety concerns can happen anywhere. **Medjet can get you home.**

MEDJETASSIST provides and pays for hospital-to-hospital medical transfer of a member if injury or illness, and hospitalization occur during domestic or international travel, more than 150 miles from home. Unlike health or travel insurance, which typically transports to the “nearest acceptable facility,” and only further if “medically necessary,” a Medjet Member is **transferred to their home hospital of choice**, regardless of medical necessity, for the cost of the membership and nothing more. Medjet has **no adventure travel exclusions**, no claim forms or subrogation, and **no pre-existing exclusions** (under age 75).

MEDJETHORIZON includes all the renowned medical transport benefits of a Medjet Assist membership, plus worldwide travel security and crisis response services. Members have access to our 24/7 travel security network for in-country response to a wide range of safety threats while traveling including: Natural Disaster, Violent Crime, Disappearance, Kidnap for Ransom, Political Threat, Terrorism, Wrongful Detention, Blackmail & Extortion, Hijack and Pandemic. Members can call the security line as soon as the Member feels uneasy; there is no need to wait for the government issued hard triggers or evacuation orders typically required by insurances.

MEDJET Memberships have been recommended by travel experts in hundreds of publications (**Forbes, Fodors, USA Today, Travel + Leisure, Outside** and more), and is the program of choice for all major luxury travel consortia, the top medical concierge programs, and thousands of organizations including **AARP, Morgan Stanley, and the NFL.**
